**By air** : Copenhagen has one airport, Copenhagen Airport. The easiest way to get to and from the airport is by Metro. Trains from the airport to Copenhagen Central Station depart every ten minutes, and the journey is about 20 minutes. Tickets can be purchased at any metro station or train station. A ride with either train, bus or Metro equals three zones and costs DKK 38. More information on getting to and from the airport can be found [here](#).

**By train** : International trains arrive at Copenhagen Central Station, which is located in the city center with access to trains, busses and taxis (no metro) (a 2 zone ticket can get you to any of the suggested hotels as well as to the Copenhagen Business School).

**Getting around** : you can plan any itinerary for getting around Copenhagen [here](#).

Biking is a very easy way to get around in Copenhagen. You could make use of the public bikeshare, Bicyklen. Bicyklen bikes are intelligent electric bikes, that are available all over the city and are easy to use. More information on the City Bike system can be found [here](#) and [here](#).

#### Transport to Copenhagen Business School :
